

K - 13 PROFESSIONAL DAY

On Friday, April 18th, the Lake Superior Board of Education and Nip Rock Board of Education, held a Professional Development Day at the Terrace Bay Campus of Lake Superior High School. Approximately 200 elementary and secondary school teachers from Manitouwadge, Marathon, Terrace Bay, Schreiber and Nipigon - Red Rock attended the day's activities. This was the first Professional Development Day ever held in the region to include both elementary and secondary educational panels.

The Keynote Address was given by Mr. Eric Runacres, Director of Education for Hastings County. Mr. Runacres spoke on "the problem of involvement" as experienced by educators, administrators, students and parents in today's educational environment. Following Mr. Runacres speech the teachers held seminars designed to allow for discussion of the keynote address.

At noon an excellent lunch was held at the Moose Hall, catered to by the Ladies Auxiliary of the Moose.

The afternoon provided teachers with an opportunity to attend two of nine workshops offered. Each of these workshops was lead by an experienced resource person or educator. The workshops and resource personnel were as follows: Metriciation, Dr. A. Booth, President Lakehead University; Family Life and Sex Education, Dr. K. Wood, Director of Continuing Education, and Ms. G. Warren, Lakehead University; Public Relations, a panel consisting of Mr. Jack Stokes, MPP, Mr. R.A. Cressman, Director of Education, and Mr. Wendel Fulton, Legislative Observer for O.S.S.T.F.; Open Concept Education, Mr. Jack Buchanan, Principal, Central Algoma Secondary School; Native Studies, Chief Roy Michano, Heron Bay Reserve; Semestering, Mr. Brock Godfrey, E.D.P. Branch, Ministry of Education; Organization of Student Tours, Mr. Brian Whitfield, Central Canada Student Tours; Certification, Mr. Wilkie Davey O.S.S.T.F. and Mr. Frank Dillon, Q.E.C.O.; Creative Teaching Materials, George Bott and Mary Middaugh, Lake Superior Board of Education. These workshops were very well received by the delegates and initiated a large amount of discussion and reflective though.

The Professional Development Day Committee would like to take this opportunity on behalf of the teachers to thank the Lake Superior Board of Education and Nip Rock Board of Education and the participating resource personnel for a very successful educational experience. We are sure that the workshops and keynote address will help teachers to continue

to develop their educational expertise so as to provide our communities with the best possible education.

SOCIAL SPECTRUM

Sheila and Brian Montey had Sheila's parents Mr. and Mrs. H. Thompson of Eagle River visiting for the weekend.
