Bets are being taken that Hugh won't connect with Don's "sizzler" and Monty will duck in time! Players should be happy with their opportunity of a vote on the MVP. And the MVP will be elected from each team with a further League MVP to be elected by the chaired officers from the elected team MVP's. Will the aging (Murdo included) Salary team, once a championship team under the name of Comets miss Brady in their ranks or will they claim at the end of the season, "Brady was our drawback right along!" Could "All Star" Whitfield of Shift #1 repeat a 1953 championship! Has co-MVP of 1954 Jim More of Shift #2 Champs of 1954 enough soft-ball ability to again be a standout notwithstanding being severed of the assistance of Shift #3's Marvin Osmar! Is "Yip-Yip" Burella serious "in that we have a championship team as well as enough for a farm team providing we get co-MVP of 1954 Henry Krahn!"

your week ahead BY DR. A.W. DAMIS

Forecast Period: May 25 to May 31

- ARIES**
Mar. 21-Apr. 19
Your emotional reaction to a romantic situation should be highly favorable. You might be forced to put a few bad habits under control. However affairs of the heart, look good!
- TAURUS**
Apr. 20-May 20
It's possible that you'll exchange a few secrets. Be certain that what you hear isn't meant to manipulate you to fit into someone else's scheme of things.
- GEMINI**
May 21-June 20
Avoid poor communications with a member of the opposite sex. On the brighter side? A long term sacrifice will begin to pay off, this week.
- MOONCHILD**
June 21-July 22
Most members of your sign will be "pinch hitting," this week. In other words, it's highly probable that you'll be involved with an unfamiliar task.
- LEO**
July 23-Aug. 22
You will have to step out of character for a few days. Stellar patterns advise that you placate... settle for half instead of the whole.
- VIRGO**
Aug. 23-Sept. 22
It's during this cosmic cycle that smoldering animosity could break into open warfare. So, curb the urge to provoke a routine associate; pamper the opposite sex.
- LIBRA**
Sept. 23-Oct. 22
It's soft lights and sweet music, for most unattached members of your sign. Obviously, things should go well in affairs of the heart. Look for an across the board improvement!
- SCORPIO**
Oct. 23-Nov. 21
Someone in authority will give you good advice. Also, take that sword out of your belt... getting along with your associates is very important, now!
- SAGITTARIUS**
Nov. 22-Dec. 21
This week, boredom might hit you as a fist. It seems as though you'll undergo a period of much, much too much, self criticism. It'll all pass!
- CAPRICORN**
Dec. 22-Jan. 19
Listen, closely, to your mate or similar alliance. According to prevailing stellar patterns, you'll receive excellent financial advice. One more thing, nostalgia's in the air.
- AQUARIUS**
Jan. 20-Feb. 18
An associate, so it seems, will point out one of your bad habits. As the old saying goes: A hint to the wise is sufficient.
- PISCES**
Feb. 19-Mar. 20
One or more of your suggestions will be criticized. It would be a good idea to keep your thoughts and opinions to yourself, at least, this week.
