

## IN THE NEWS THIS WEEK

25 YEARS AGO - JUNE 1, 1950

A woodlot has been opened up in an area about  $\frac{3}{4}$  of a mile east of the mill by a road which follows a westerly route from a point on Highway 17 just north of the overpass. This area has been set aside as an area for the procurement of fire wood by the residents of Terrace Bay.

Johnny Schritt of Pulp Conversion is the kind of a fellow who even makes his leisure time revenue producing. Johnny chewed the tips off a dozen pencils and almost memorized a dictionary to complete a toughie that he found in the Farmers' Advocate. However it wasn't in vain as he won himself

### your week ahead BY DR. A.W. DAMIS

Forecast Period: June 8 to June 14

- ARIES**  
Mar. 21-Apr. 19  
A member of the opposite sex wants to play games. Remember the old saying: The difference between the spider and fly is . . . patience.
- TAURUS**  
Apr. 20-May 20  
You're going to get your way this week. Cosmic cycles enhance you with a highly persuasive personality . . . at one time they called it "animal magnetism."
- GEMINI**  
May 21-June 20  
There's a heavy work load coming your way. You won't recognize it at first, but the additional responsibility will be sugar coated as a "challenge!"
- MOONCHILD**  
June 21-July 22  
You'll think in terms of terminating a project. According to your chart, every ounce of effort, in the face of "hopelessness," will pay off in tons of rewards.
- LEO**  
July 23-Aug. 22  
Most members of your sign will be drawn toward a light and frivolous mood. It's alright to romp and frolic, providing you stay in bounds.
- VIRGO**  
Aug. 23-Sept. 22  
An associate or a new acquaintance will be reflecting your very own mood. In other words, you'll be looking into a "mirror" of your own, disposition and personality.
- LIBRA**  
Sept. 23-Oct. 22  
Whether it's affairs of the heart or any other type of competition—you'll hold an edge on the pack. In other words, you'll be up physically, mentally and emotionally.
- SCORPIO**  
Oct. 23-Nov. 21  
Someone will, finally, admit that they need your help. Don't get the wrong idea, it won't be a personal victory. You in turn will need this "someone" as an ally.
- SAGITTARIUS**  
Nov. 22-Dec. 21  
Stellar patterns focus on a friend's marriage. Be on the lookout for a chain of subtle events that might complicate your own affairs of the heart.
- CAPRICORN**  
Dec. 22-Jan. 19  
Hoist your sails, there's positive financial winds blowing your way. So, schedule more time for your job, task or project. Also, put more effort into long term plans.
- AQUARIUS**  
Jan. 20-Feb. 18  
The issue, this week, will be: Can you handle outside pressures . . . without disturbing the tranquility at your home base? There's a slight chance that a financial emergency will arise.
- PISCES**  
Feb. 19-Mar. 20  
Many members under your sign will undergo a radical change in their life style. Incidentally, this "change" will prove to be beneficial, in the long haul.
