Double Decker Bus - continued from page 3

Highway #17 from Nipigon on to Terrace Bay with some parts of the Rockies, in all seriousness too. They travelled 42 miles an hour, both Dave and Georgie drive but in Ontario Dave spent a lot of time upstairs viewing the fantastic scenery.

While in Terrace Bay the Clarke's were entertained by Brenda and David Barnett, and stayed overnight at the request of David to enable all the school children to tour through the bus. With the kind permission of the Principals and co-operation and eagerness of all the teachers.

To me it was a happy interlude and as they left the next day I accepted a thank you to everyone from the Clarke's for the kindness shown to them by all and wishes them God Speed and safe travels wherever they might be.

Their plans are to go to Australia if 'Lucky #13' can go to.
