Jerry Dupas then introduced the guest speaker for the banquet, Charlie Simmer, a local boy who played all his school age hockey years in Terrace Bay. Charlie was like the friendly giant to the small boys who gazed at him during his talk, with admiration shining from their eyes. Charlie is now with the California Seals having played on T.V. and is well known to his fans in Terrace Bay.

The boys and fathers kept the questions flowing to the big quiet guest speaker. Jerry Dupas did an excellent job of M.C. encouraging everyone to ask questions. Of course, Charlie in his shy way made quite a few humorous remarks to some of the questions, much to the delight of everyone.

At the end of the banquet, President Len Pope gave a speech and thanked the ladies of the banquet committee for a job well done and introduced his executive and thanked them for their support throughout his term of office.
