

Two Men Die Within Minutes

TERRACE BAY — Two Pennsylvania men travelling with the Wally Byam Trailer Caravan died here Thursday night, after suffering heart attacks within minutes of each other.

Police report that Charles Norman Cox, 62, of Bloomsburg, Penn., collapsed at 6:10 p.m., while eating supper with his wife in their trailer, parked at the Agua Bon Trailer Park on Highway 17.

Charles A. Niemela, 68, of Charleroi, Penn. rushed to Mr. Cox's aid, pulling him from the trailer and administering artificial respiration. An ambulance,

summoned from Terrace Bay, quickly arrived on the scene and rushed Mr. Cox to McCausland Hospital where he was dead on arrival.

However, the ambulance had to return immediately to the trailer park as Mr. Niemela also suffered a heart attack after helping attendants load the first man into the vehicle. He too died before he reached the hospital.

Police said both men were travelling with their wives and were part of the 30-trailer caravan on a summer tour. The caravan is believed to be heading for Kakabeka Falls.

TRADE TRAINING GRADUATES HONOURED AT DINNER
Left to right - back row - R. Bryson, G. Gusul, R. Salesse. Front row - D. Godin, R. Stuart, L. Stewart, C. Koski.

At the Masonic Hall in Terrace Bay on June 5, 1975, seven employees of Kimberly-Clark of Canada were guests at a Company sponsored dinner in recognition of their graduation from the training program. They are: R. Bryson, D. Godin, G. Gusul, L. Stewart, R. Stuart, C. Koski and R. Salesse. S. Kirkpatrick, a graduate, was not in attendance.

The M.C. for the evening was Don Stewart. He stated that the present graduates brings the number who have graduated from the Kimberly-Clark trades training program in the past twenty-five years to one hundred. He pointed out that the present employees are graduating at an extremely exciting time in

the development of the Kimberly-Clark mill in Terrace Bay. The size of the job to be done in putting the new mill into operation is enormous, thus making opportunities for personal development unique. He said he was confident the new graduates will respond to the challenge and they will reap the benefit from the experience.

Ontario Graduation Certificates of Apprenticeship and Kimberly-Clark Graduation Certificates were presented to the graduates by J. Chapman, Pulp Mill Manager, assisted by Verl Thompson. C. Gorham and W. Megraw presented an Engineering Encyclopedia to each of them. Grant Puttock sent his congratulations to the graduates, he was unable to attend due to other commitments.

Carl Gorham introduced the guest speaker, Mr. Bill Farrell, General Manager - Expansion, Kimberly-Clark of Canada. Bill personally knew most of the graduates as he was formerly Plant Engineer at the Terrace Bay mill and as such has retained a very keen interest in trades training.

Bill Farrell gave a most interesting coverage of the organizational structure that is required for the mill expansion. The logistics of such a major job is staggering and Bill's coverage of it was comprehensive.

The program concluded with Ron Stuart on behalf of the graduates thanking the guest speaker and to Kimberly-Clark for making the training possible.

AGUASABON GOLF CLUB

Results of the Men's June 18th Twilight are as follows:
