HOT LINE - continued from page 1

2:30 p.m., Monday through Friday at my special private number. The number to call is 3256. I will make it a point to be at my phone each day at those times. If for some reason I cannot personally be there to answer your call, I will arrange in advance to have someone take the call who can answer your question.

Obviously, there may be some questions which will require that I do some checking before answering to make sure I give you a complete as well as accurate response. This delay will be limited to the time required to make the necessary checks. Your questions should receive prompt, responsible reply, and that's exactly what the "Hot Line" is designed to provide. Please use it.
