**CREDIT DETAILS**

The closing balance of the first statement determines the monthly payment. The payment will remain the same, except when there are purchases which increase the balance to an amount which calls for a higher payment. The higher payment will remain in effect until the increased balance is paid in full. You may pay the full balance within 30 days of the billing date with no service charge, or pay in easy monthly installments with a service charge. A service charge is added to your account each month, based on the previous month's balance at the rate of 1.75% per month (21% per annum). (See example on right).
