STORK CLUB: Congratulations are the order of the day to Mr. and Mrs. Bob Sheppard on August 15th. Mother and dau-

your week ahead BY DR. A.W. DAMIS

Forecast Period: August 24 to August 30

- ARIES**
Mar. 21-Apr. 19
Your chart features the possibility of increased social activities and the taking of past experience out of moth balls. So, it's a calculated guess that your past experiences will be utilized.
- TAURUS**
Apr. 20-May 20
Many members of your sign might become entrapped in the "worry circle." Actually, you'll be much too concerned about an event that takes place several weeks from now.
- GEMINI**
May 21-June 20
You're prone to become a "know it all." Make certain that you listen to instructions, follow rules and regulations. Ask questions if you don't know; otherwise there's big problems!
- MOONCHILD**
June 21-July 22
There's added responsibility at your job, task or project. Furthermore, your ability will be recognized and compensated, in one way or another. It's a good cycle for your career.
- LEO**
July 23-Aug. 22
Your activities with a younger member of the opposite sex are not favorable. Guard your pride and permit absolutely, nothing to hurt your pride.
- VIRGO**
Aug. 23-Sept. 22
Things look great for most members of your sign. You're entering a seven day cosmic cycle when you can do no wrong. Take advantage of it!
- LIBRA**
Sept. 23-Oct. 22
Watch your diet, especially, when eating out or traveling. There's a slight possibility that you might have problems with food. So, take basic precautions.
- SCORPIO**
Oct. 23-Nov. 21
In one form or another, most members of your sign will be treading into strange territory. Extraordinary and unusual situations are portrayed in your chart.
- SAGITTARIUS**
Nov. 22-Dec. 21
Avoid moral discussions concerning an associate's relationship with a member of the opposite sex. In other words, don't preach! You could become a prisoner of your own philosophy.
- CAPRICORN**
Dec. 22-Jan. 19
Setbacks are possible in affairs of the heart. Many under your sign, now, lack the considerations necessary to comfort the opposite sex. Shape up, Capricorn!
- AQUARIUS**
Jan. 20-Feb. 18
Avoid emotional wear and tear by delegating some of the responsibility connected with your job, task or project. You're inclined to spread yourself—much too thin!
- PISCES**
Feb. 19-Mar. 20
This forecast is an "if the shoe fits," sort of thing. So, if your relationship with the other sex is going from nowhere to nowhere, cut bait, quickly!

ghter both doing well.
