

# PUBLIC NOTICE

The Thunder Bay District Health Council is initiating a six-month study concerning the number and type of health care beds available in the District.

The objective is to produce a plan that will give the District the number and kinds of beds residents require, at the lowest possible cost to the taxpayer. The study will look not only at beds, but services that are alternatives to beds.

If you or your agency, group, or association wishes to make a contributions to this study, please do so by sending your written comments, by October 15, 1975, to:

Mr. D.W. Leister  
 Executive Director  
 Thunder Bay District  
 Health Council  
 Suite 1, 516 Victoria Avenue,  
 THUNDER BAY F, Ontario.

## TODAY'S CHILD

BY HELEN ALLEN

THE TORONTO SUN SYNDICATE

Frank is a pleasant boy, amiable, co-operative and keen to please. Very anxious to be adopted, he longs for a family and a home where he will belong.

Recently turned 12, Frank is healthy and active, sometimes hyperactive. He is on medication to slow him down a bit, though he does not take it at weekends.

Frank is not academically inclined and is in special education. He is progressing well, though needing a good deal of individual attention. He likes doing things with his hands. Using cardboard and paper he created a model of his school which won honorable mention in a recent Science Fair. Frank gets along well with children and enjoys adult company. He likes sports — plays soccer and baseball and enters track meets at school.

Frank will do best in a family where he will get much love and reassurance and where he knows and understands what to expect and what is expected of him.

To inquire about adopting Frank, please write to Today's Child, Ministry of Community and Social Services, Box 888, Station K, Toronto M4P 2H2. In your letter please tell something of your present family and your way of life.

For general adoption information, consult your local Children's Aid Society.
