## TERRACE BAY RECREATION DEPARTMENT WEEKLY REPORT

### SWIM POOL SCHEDULE:

With both the July and August set of lessons having now been completed, the pool schedule until closing for the season will be as follows:

Monday to Friday - 4 to 8 p.m.  
Saturday & Sunday - 2 to 5 p.m.  
- 6 to 8 p.m.

Final day of swimming will be posted accordingly at the swim pool as our closing day is dependent on our weather conditions.

The swim exams were concluded last week with a high percentage of successful candidates. Since there will be no awards night this year, badges may be picked up at the pool.

There are a number of lifejackets left at the pool from the Survival class. We would appreciate the owners picking them up. Also any articles in the Lost and Found should be picked up soon or they will be sent to the needy.

### ARENA AND CURLING RINK:

The Recreation Department will not be booking any functions in the Curling Rink or Arena as both these facilities are presently being prepared for our winter season.

Major renovations will be taking place in the Arena to accommodate the new tractor and ice resurfacers that will be used in our Arena this year.

### SPECIAL COURSES:

At present the Recreation Department is offering an Art course through Confederation College. Instructor for this programme is Mrs. Helen Strickland. Anyone interested in registering for this programme should call the Recreation Office at 3542 for details. The course
