25 YEARS AGO - August 31, 1950

SIGN OF THE TIMES: There is a great amount of activity going on around the Townsite these days. What with the construction going on of new houses, a new Post Office, and Catholic Church, the place is a real bee-hive of industry. Recently we have acquired a new and ultra-modern butcher shop; Terrace Bay Enterprises garage having a "new look" about the place with new services, including "free air" service; Terrace Groceteria with it's Coffee Bar and the Bay with it's new grocery department and many changes upstairs. All of these and others under consideration, tend to make life just

your week ahead BY DR. A.W. DAMIS

Forecast Period: September 7 to September 13

ARIES
Mar. 21-Apr. 19

Favors, recognition and a firm promise of better things to come, shows in the chart for most members of your sign. Incidentally, in all probability, you'll meet an affluent person.

TAURUS
Apr. 20-May 20

Hold on! The next seven days will pass swiftly; much will be left unfinished. Also, you could have problems with someone in authority.

GEMINI
May 21-June 20

Don't develop too much enthusiasm about a promise to help you with your job, task or project. If you look around...there's no one you can, really, count on.

MOONCHILD
June 21-July 22

Boredom with your daily routine and a mysterious mood that even your chart cannot explain—makes most members of your sign, accident prone. So, follow basic safety rules.

LEO
July 23-Aug. 22

Communicating with a member of the opposite sex, seems to be a problem. One thing for certain, your ego won't be nourished.

VIRGO
Aug. 23-Sept. 22

There's such a thing as having too much good coming your way. The gravy train is about to stop...if, you take the opposite sex for granted.

LIBRA
Sept. 23-Oct. 22

A surprise is about to take place at your job, task or project; try to be patient. Remember, good fortune often arrives by way of strange avenues.

SCORPIO
Oct. 23-Nov. 21

Don't rely on receiving help from an old friend. Remember, your absence has been the ingredient for this friend to become involved in other things.

SAGITTARIUS
Nov. 22-Dec. 21

Stellar patterns offer little more than the promise that neighbor or associate will impose upon you. So, draw a line as to how much you'll give of yourself.

CAPRICORN
Dec. 22-Jan. 19

In spite of your being forced to associate with persons who are not to your liking; control your emotions, speak pleasantly...you'll make out in the end.

AQUARIUS
Jan. 20-Feb. 18

An associate, secretly, accuses you of being on an "ego trip." It's true, many under your sign have become self centered. For your own good—think about it!

PISCES
Feb. 19-Mar. 20

Outside pressures could force you to do strange things. You're inclined toward the exotic and bizarre as release for you inner frustrations. Take care, permanent damage could occur.
