ONTARIO PROVINCIAL POLICE PRESS RELEASE

RE: MOTORIZED SNOW VEHICLE ACT

To clarify some points dealing with the Motorized Snow Vehicles Act, the following is for the information of all owners of Motorized Snow Vehicles. All motorized snow vehicles must obtain a registration permit from a local issuer of permits even though the motorized snow vehicle may have been previously registered. There is no fee for this permit. If the motorized snow vehicle is to be operated within a city, town or village or closer than five miles from a Highway or secondary Highway you must pay the \$10.00 fee to have your registration permit validated.

In our area this would mean that almost all motorized snow vehicle permits would be subject to the validation fee. If you feel your machine may be exempt from the validation fee, please call the O.P.P. for clarification.

Section 17 of the act states as follows: quote; - "No person shall drive a motorized snow vehicle or ride on a motorized snow vehicle or on a cutter, toboggan, sled or similar conveyance towed by a motorized snow vehicle on a serviced roadway or public trail unless he/she is wearing a helmet that complies with the regulations."

Serviced roadway is that part of a highway used for vehicle traffic and includes the shoulders.

Section 22(1) of the act is the penalty section for trespassing, quote - "Every person who knowingly or unknowingly trespasses on land while operating a motorized snow vehicle is guilty of an offence and on summary conviction is liable to a fine not exceeding \$500.00"
