

TERRACE BAY-SCHREIBER YOUTH GROUP  
DONATES TO BUILDING FUND

What started out to be a group of teenagers out to provide themselves with entertainment has turned out to be a group which has helped more than itself.

The McCausland Hospital Building Fund has recently received from this group donations totalling \$1750. of which \$1250. was a cheque from Molson Breweries, presented by Gary Kozak, for the purpose of defraying the expenses incurred by this group in their money raising projects. Including a previous donation, the teenagers have now been responsible for a \$2000. boost to the Building Fund.

The group raised the money by holding dances, concerts and "Help Build Your Hospital Day" which was supported with help and donations from the town. "Stryder" a band from Thunder Bay at no cost performed for the Youth dance. Debbie Vienneau on behalf of those who attended and Joan Nugent on behalf of the McCausland Hospital thanked the Band for their special donation.

It is interesting to find the youth of today taking an interest in the communities' project of a new hospital and most gratifying to learn that an out-of-town business should become so interested in the Youth Groups activities.

The Terrace Bay-Schreiber Youth appreciates and extends its thanks to everyone who has in any way assisted it in its ventures.

WELCOME TO: Jody and Daryl Davis and children J.J. and Dallas, they are from Schreiber and Jody works for Kimberly-Clark. They now reside at 643 Superior Avenue.

Welcome to Noel and Aline Deschatelets and their little daughter Renee, they are from Longlac and Noel works for Kimberly-Clark. They reside at 642 Superior Avenue.

A newcomer to Terrace Bay has certainly been made very welcome for she has been sharing her many talents in the crafts area with her friends and neighbours.

Linda Jerrett of Strathcona Avenue had quite a good size group of ladies interested in Arts and Crafts so she started up a Craft Session in her own home and on my visit to one of these sessions I was truly very interested in the string art, many beautiful colourful and intricate patterns were on display. Wall hangings and crocheting were also being done.

Pictures above is Mrs. Rita Moore working on a string art. The sessions are over now, but with the many requests Linda is hoping to start another in February. Photo by Pam Jones.
