

your week ahead

BY DR. A.W. DAMIS

Forecast Period: December 28 to January 3

Remember, there's a difference between opportunity and temptation—a big difference. Bluntly, see that your established romance patterns aren't broken.

Thoughts that are in the shade, haunt most members of your sign. It's a good time to think about consequences—and let your conscience be your guide.

The twin wolves—jealousy and envy—run rampant through your chart. Don't concern yourself with the technique an associate used in order to advance.

A license or some form of legal document, plays an important role in today's activities. Anyway, it's really nothing for you to worry about.

Put a long term project aside, and take care of tasks at hand. Today, yours is a problem of not aligning your obligations, according to priority.

It's a fact of life, there are some members of your sign—who are being avoided—for various reasons. Anyway, don't force yourself on anyone.

Listen, closely. Someone you meet today, whether they're an old friend or a new acquaintance, will prove to be highly productive—as time goes by.

It seems as though you'll spend most of this week—looking for someone who holds most of the answers you'll need.

If you aren't careful, you and a member of the opposite sex won't be on the very best of terms. One other thing, stop harping about being a victim of yesterday's misfortunes.

You are heading for a very critical period—as far as affairs of the heart go. Take nothing for granted.

Much, much too much, self pity crisscross your chart. Again, take care of tasks at hand and stop feeling sorry for yourself.

Those surrounding you—won't find you to be the easiest person in the world to understand. A few of your actions will confuse—even you!
