## HOMES FOR THE AGED REPORT SURPLUS

The District Board of Management held their monthly meeting at Pinewood Court on February 20th, 1976. There were only four Board Members in attendance to deal with the heavy agenda. Mr. Harness, the Chairman of the Board was in Toronto General Hospital and is not expected out until the end of the month. The Vice-Chairman, Mr. Alex Daneff, handled the four hour meeting.

The operating accounts for the two Homes totalling \$112,544.97 were passed for payment. Progress Billings Numbers 3 and 4 to Buset Brothers for the addition to the dining room totalling \$4,593.03 were also approved for payment. In capital expenditures there were two items, a calculator and two electric heaters passed for approval.

Staff changes took considerable time as there were two permanent terminations, one in Pinewood Court and the other in Birchwood Terrace. Both cases were dealt with in detail and correspondence in relation to them were read by the Chairman with the Administrator giving a detailed account of the reason behind the decisions.

Board Members were unanimous in supporting the changes. The Chairman reminded the Board Members of the responsibility of the Administrator to the Board. His explanation indicates that decisions of this nature are not made without due consideration.

Admissions were approved when space is available for five new applicants. The Board Members questioned the Administrator as to when Birchwood Terrace would reach its capacity. The reply was that his present estimate would be early in 1977 if applications continued on the present average.
