

GUIDING NEWS: Cont'd

Great speaker for the service was Mr. Charles Wise. His interesting talk was on Thinking Day and the Law and Promise. The talk was to the children and he spoke to them on the Guiding and Scouting movement.

Music was supplied by Mrs. Aini Anderson at the piano.

your week ahead

BY DR. A.W. DAMIS

Forecast Period: March 7 to March 13

It's a fact of life, many members of your sign are now on the brink of entering a "shady deal." Don't lie to yourself in order to justify your motives.

Think in terms of being socially acceptable. You have reached a point when good grooming and first impressions are important, very important.

With almost no effort on your part, as a matter of fact, in spite of yourself—it's highly probable that you'll gain, financially, in one way or another.

You, secretly believe that a lie, sometimes functions as well as the truth. In some cases, it does... this week, however, it won't!

A long range goal should be within reach, now. You might reopen a project that has been long shelved. Incidentally, an unexpected event will increase your popularity.

Outside pressures and commitments might cause problems at your home base. It would be advisable to postpone any activities that take up this week's evenings.

It might not have occurred to you, but, in the far dark corners of your mind...you've limited your circle of friends. Why? Think about it.

Your job, task or project might affect your health. According to your chart, it would be a good idea to take basic safety precautions, this week.

Misunderstandings and poor communications seem to be in the general scheme of things. Listen, intently, to instructions and read details, religiously.

There's danger in the belief that soft lights and sweet music works miracles with the opposite sex. There's a mysterious magnetism that is, truly, the determining factor.

You, without conscious design, seem to be coming across as being indifferent toward a member of the opposite sex. Look into it!

It would be a good idea to do some fence mending. Most persons of your sign have been taking a member of the opposite sex for granted. You might be surprised!

Two Senior Guides, Tracey Stachiw and Margold Bishop along with Leader, Pam Jones attempted to complete a 1/2 day hike recently. The day dawned bright and clear and hopes soared high for a successful testing on outdoor fire and cooking in the snow. Three new Guides hiked too, these were the guests to be looked after and fed by the senior girls.

After many attempts at fire lighting were made eventually hot dogs, toast, tea and toast-ed marshmallows were on the menu.

The weather turned quite cold towards late afternoon, but the small group of guides enjoyed the hike. Hot chocolate was served afterwards at the Jones residence.

Another group of young girls were taken in the bush by the Scout Hall by Leader, Marilyn Saranpaa, and taught how to make a fire in an emergency in winter. By all reports success didn't come easy for these young guides but with lots of patience and understanding from Mrs. Saranpaa, success came to each group. Everyone enjoyed their morning and afterwards declared that it was fun.
