**LETTER TO MOTHER**

The following item was given to our New's reporter from a mother who received it from her daughter. This person wishes to share it with all mothers.

"You don't love me" How many times have your children laid that one on you?

How many times have you, as a parent resisted the urge to tell them how much? Some day when my children are old enough to understand the logic that motivates a mother, I'll tell them:

I loved you enough to bug you about where you were going, with whom and what time you would get home.

# Let's talk car loans.

## And how we can get you rolling.

If you're thinking of trading your car, we should talk.

We've been involved in financing cars for a long time.

And we've worked with probably every dealer in town.

So we can put together a loan that'll suit you without getting you in over your head.

We can even talk about one type of loan that gives you the full price of your car.

Even if you're not a customer.

We do that because we know helping you do something is the best way to make you one.

Come on in.

And let's talk cars.
