

NOTICE - The Terrace Bay News Office will be closed on Friday, April 16 (Good Friday). The Office will be opened as usual on Monday, April 19th.

# your week ahead

BY DR. A.W. DAMIS

Forecast Period: April 18 to April 24

No matter how tempting a new proposition might seem...don't shift horses in mid-stream. Stay on course with your long term plans, things will materialize this week.

This week, especially, consider yourself as a personality—aside from all others. Don't align your opinions with the beliefs of your associates. Your chart shows—highly productive ideas.

Keep your schedule open, there's a promise you won't fulfill. Meaning? All commitments and obligations should be kept to a minimum...failure to deliver, could be costly.

Many under your sign contemplate joining a group. It would be a good idea to "think about it" until reports reach you about the time, effort and cost involved.

Stop looking for hidden motives and rationalizations. Most members of your sign might be very suspicious, this week. Accept things at face value temporarily.

You're not a student of the theory that everyone tells the truth. Nevertheless, you might be duped by a fast talker who promised you the "whole" world.

This week, especially, you'll find the other sex, rather, hard to understand. But, when you get right down to it...it's your attitude that is at fault.

You're going to learn a practical lesson in Psychology. Something you've planned, and believe is scheduled for someone else—will, in turn, backfire!

Carelessness, someone else's, that is, might cause your job, task or project to bog down. The point? Don't lose your temper; pick up the pieces and keep going.

The experience you've gained, concerning the opposite sex, has been too long in the past—to be of any value now! Your present relationship requires a new approach.

The indecisiveness of someone in authority might be the reason for your being overlooked at you job or project. Look around for an opportunity you might hear about.

Bluntly, it's not a good time to buy. Many under your sign are prone to deception. Please, please steer clear of any "get rich schemes."

## PERSONALITY PROFILE

For your Sun Sign Analysis, send the day, month, year and place of birth, plus \$1.00 for postage and handling to Dr. Andrew W. Damis, P. O. Box 12766, St. Petersburg, Florida 33733.

**PISCES**  
Feb. 19-Mar. 20

## LETTER TO THE EDITOR: Cont'd

When compared with all other hospitals in Ontario, of similar size, the McCausland nursing unit was grossly overspent in nursing hours and dollars for 1975, a time period when our occupancy rate was about 50%. At the same time, these other hospitals (for example: Manitouwadge, Marathon, Nipigon and Atikokan) serving communities no larger than that served by our hospital, are equipped with modern laboratory and x-ray facilities as well as necessary emergency room equipment such as cardiac monitors and defibrillators. In other words, these hospitals offer a standard of health care to their communities that is not available here at the present time. You must answer one question for yourselves - do you want a Health Care program that will give the community first rate medical services commensurate with present day knowledge or are you satisfied with the status quo? It is your choice!

A time of change is inherently a time of stress and this is a time of great change for the McCausland Hospital. The hospital will need the support of the whole community in order to withstand the stresses involved in the metamorphosis from a hospital of the last decade to a modern comprehensive community health care centre.

(signed) RESPECTFULLY SUBMITTED  
DR. K.W. WILKES  
DIRECTOR OF LABORATORY  
MCCAUSLAND GENERAL HOSPITAL

## INFORMATION ONTARIO

by Bev Young

Last year at this time the Ministry of Consumer & Commercial Relations completed a study in Northwestern Ontario. This report entitled "Report of Consumer Education & Information Need in Northwestern Ontario" was released last summer. Copies are available from the Northern Affairs Office and the display stands at the municipal offices in Manitouwadge, Terrace Bay & Schreiber.

This report provides information and comparisons of the ten communities surveyed, as well as, recommendations to improve the communication of consumer information, consumer education programs, and consumer relations.

It is rather interesting to this writer that the Ministry's first recommendation is to embark on a program of public awareness, and secondly "Wider Use of Northern Affairs Offices as a communication channel should be fostered."
