Eat, Drink and Be Merry...

Spend Easter Sunday Here

Township of Schreiber

ONTARIO HOME RENEWAL PROGRAM

The Township of Schreiber is now participating in the OHRP Programme. Basically the programme is available to those persons who have an adjusted income of \$12,500 or less.

The purpose of the loans is to assist home owners to bring their property up to standards set down by Council resolution. The loans are geared to very low interest rates according to income, and, a portion of the loan may be 'forgiven' and therefore not paid back, upon completion of a pre-determined continuous occupancy of the rehabilitated home.

Basically the loans may be used to bring a home up to standard structurally, to provide for adequate heating, plumbing and electrical facilities. All home owners who are interested in benefiting from the loan may contact the Town Office for further details and application forms.
