

SPORTS TRAVELCADE HERE MAY 29 & 30

The "heart" of the Ontario Sports Travelcade is the mobile resource centre. As well as carrying hundreds of publications and audio-visual presentations, the 45 foot trailer provides a site for clinics.

If you think you hear a car horn playing a tune that sounds like Ontario-ari-o you aren't hearing things. That musical car horn announces the arrival of the Ontario Sports Travel-

cade. On May 29, Sports Travelcade will roll in to Terrace Bay for a two day visit.

This big 45 foot red and white van is a travelling information centre all about sports. Its purpose is to give everybody in Terrace Bay athletes, coaches, trainers, managers and interested citizens an opportunity to get first hand information about sports, see films, slides, video tapes, read special sports books, and pick up information leaflets about a wide variety of sports.

With the Sports Travelcade are sports and fitness specialists Larry Wright, Emily Fodor and John VanRhee to give you advice and assistance.

When Culture and Recreation Minister Robert Welch launched the Sports Travelcade on its first visit, he said he hoped it would encourage greater interest and participation in sports for fun and sports for excellence and that it would bring new and exciting resources to Ontario communities to help them in their own sports programs.

In Canada 25% of the annual energy use is for transportation, 25% for residential, 35% for industrial and 15% for commercial purposes.
