May 29 & 30 - Sports Travelcade in Curling Rink parking lot.

MANITOUWADGE SUMMER HOCKEY SCHOOL

We extend an invitation to all boys between the ages of six to eighteen to enrol in a one or two week session at our hockey school to be held July 26th to August 7th, 1976. Each boy will be given a minimum of four hours ice time daily plus films and blackboard sessions. In addition everyone will be able to try various other activities such as tennis, badminton, golfing, fastball or go swimming in our heated pool.

There is an excellent staff back for this year including Randy Mattson, Colin Hales and Ron Begin. These young men all had their early hockey training in Manitouwadge and went on to play hockey in colleges and universities in various parts of Canada and the United States.

Fee structures have been set up in order to make this school within reach of all parents. We can accommodate a maximum of 105 boys and will be able to arrange for room and board should applicants require it. There will be trailer and camper parking available should parents wish to accompany their children for a holiday, however persons doing so will be required to look after their own facilities as we have no water or sewage hookup.

More information can be obtained by writing to either the Manitouwadge Recreation Center or to Dennis Bastien (Box 1035) Manitouwadge, Ontario. See accompanying application form for school fees and times.
