

MINISTRY OF NATURAL RESOURCES
THE EXPERIENCE '76 PROGRAM

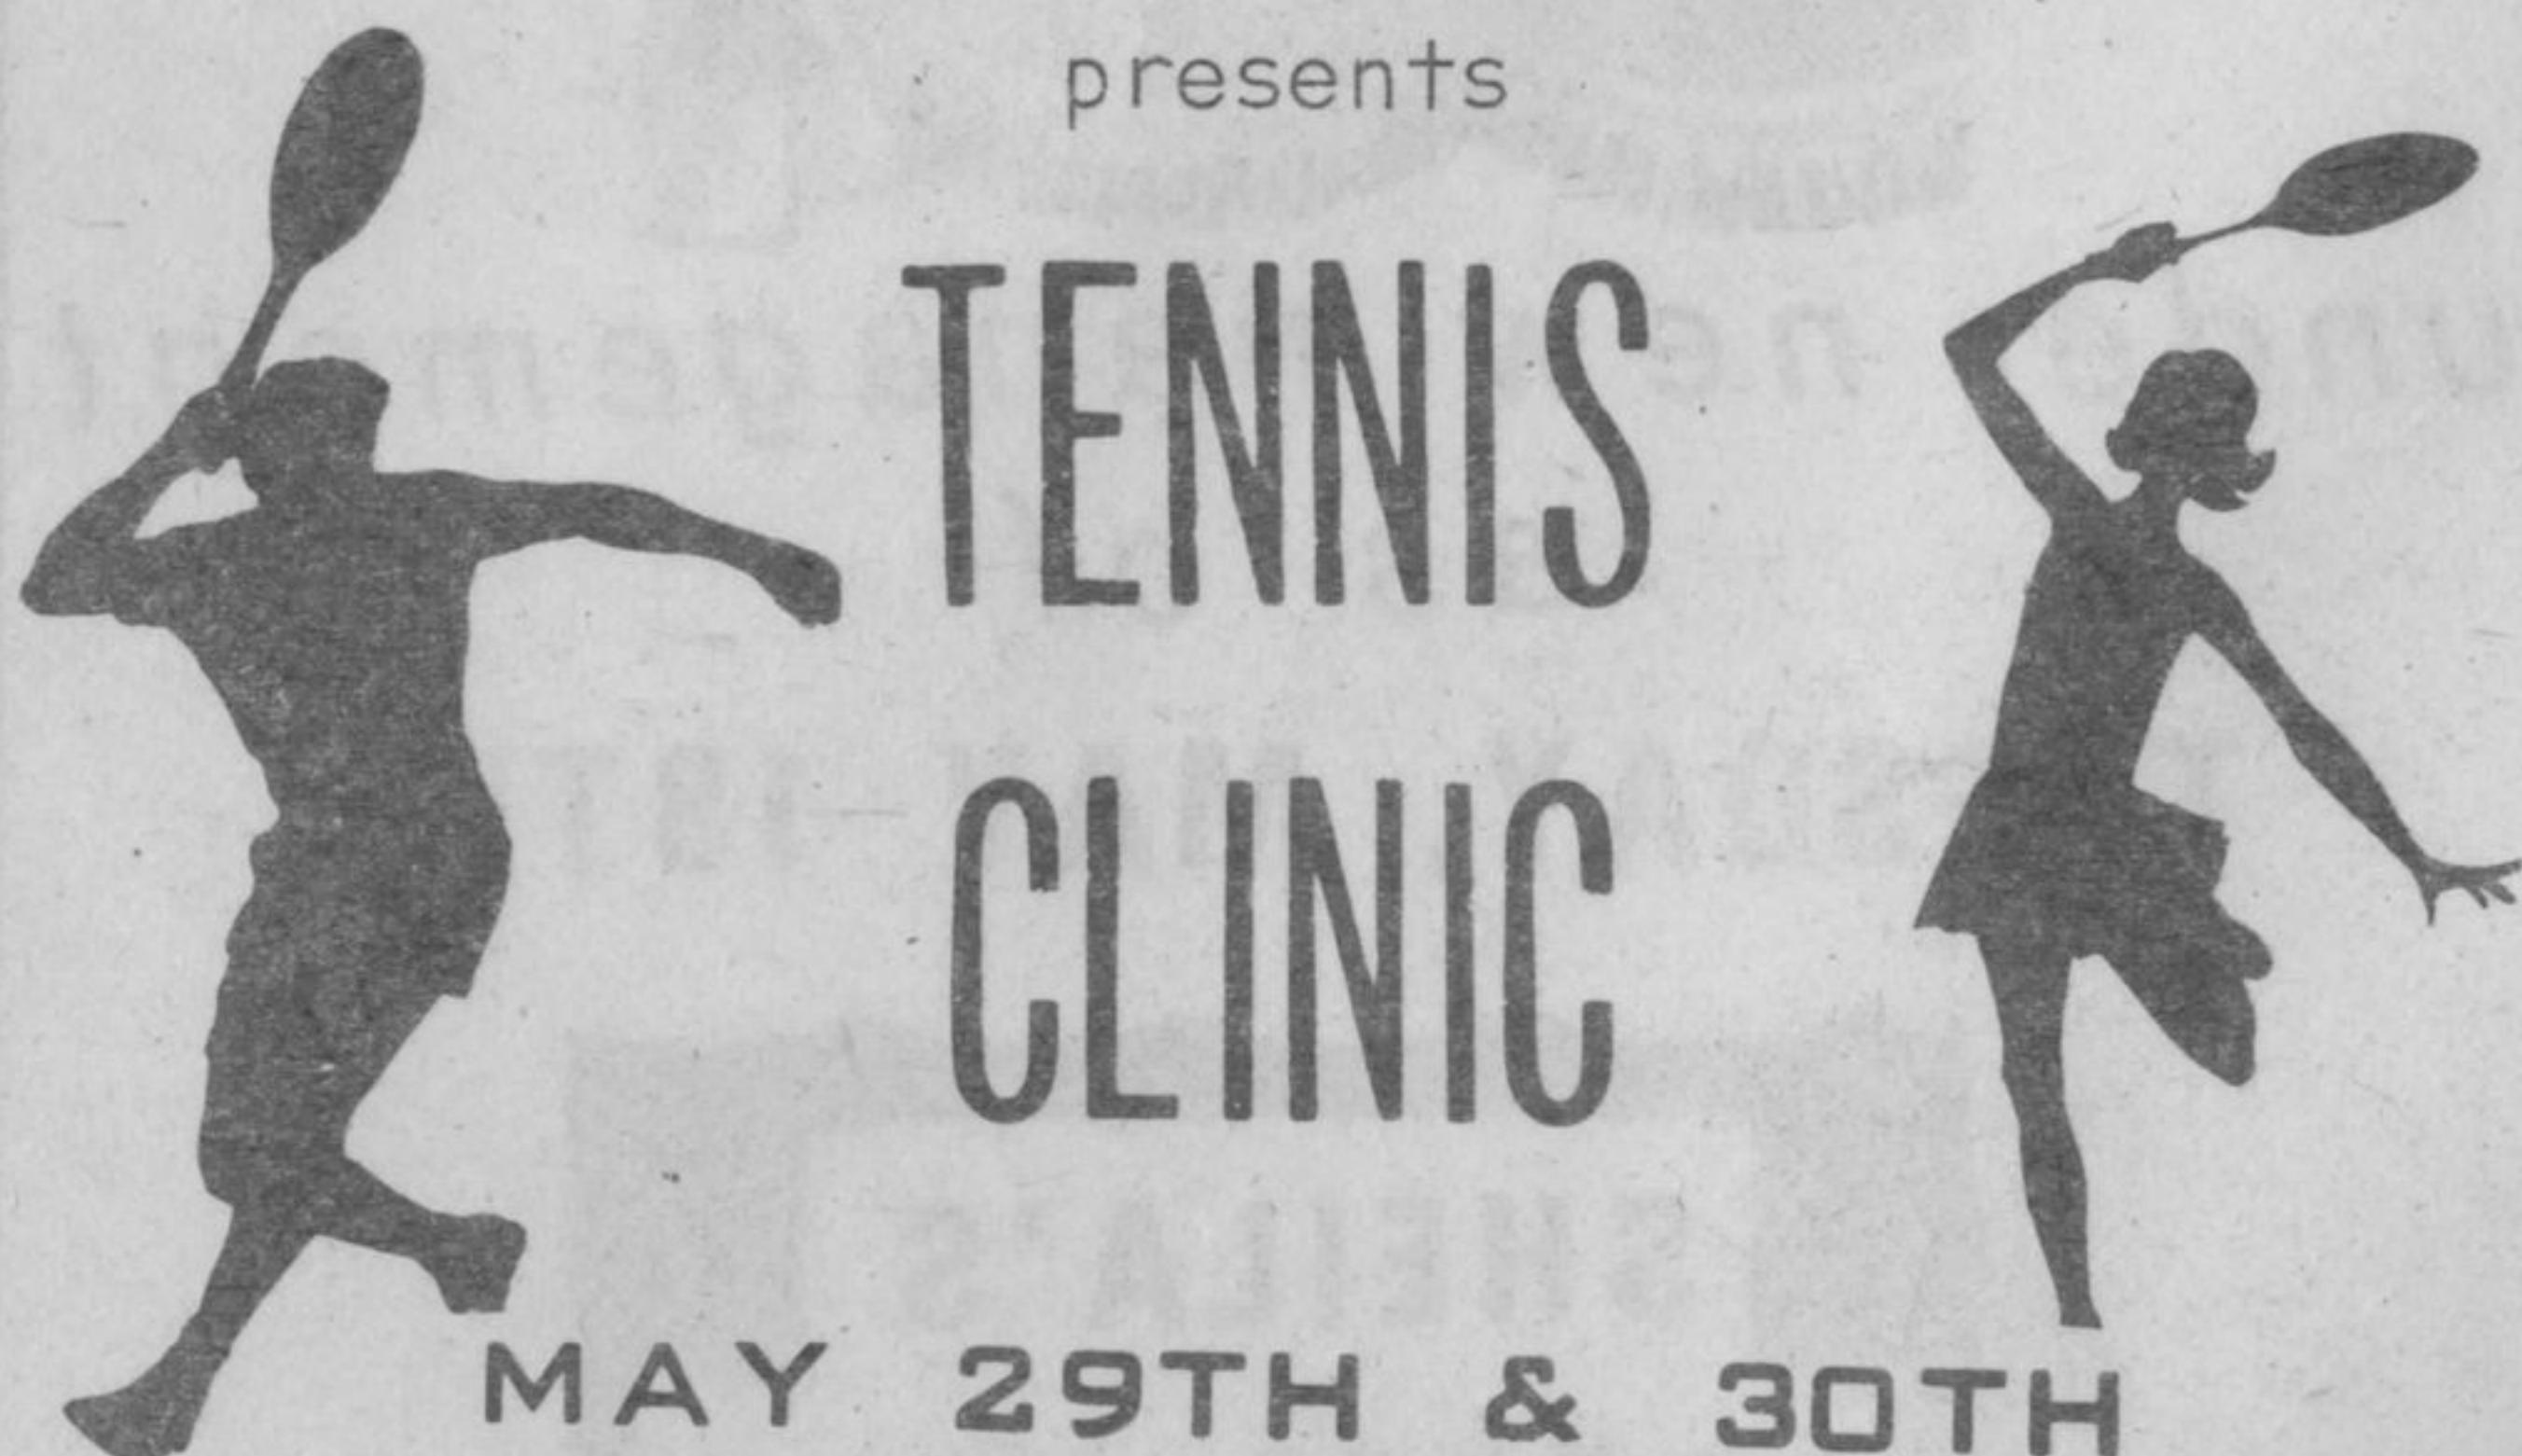

By: J.A. Chappel, Fish and
 Wildlife Supervisor

This summer the Terrace Bay District will employ twenty young people under the "Experience '76" program. Under this program various Ministries of the Ontario Government will employ approximately 7,800 high school and college students on a wide variety of projects. These positions are in addition to the many jobs available through the regular summer employment opportunities in the Provincial Government.

Last year under the Experience '75 program, the young people hired by the Terrace Bay District worked in a number of very worthwhile projects. Four girls from Manitouwadge and Terrace Bay, equipped with a half ton truck, shovels and rakes, maintained the District's access points and cleaned up garbage at these and numerous other popular public camping spots. After a number of early season bouts of "garbage flu", they quickly became accustomed to the work but continued to be amazed at the disregard shown by many people for our natural environment. Girls also took positions as Cont'd pg. 9....
