## OFFICIAL OPENING OF CANADA MANPOWER CENTRE

Left to right: Kelvin Chambers, S.S.E.A.P. (Student Summer Employment Activities Program Co-ordinator); Larry Fraser, Student Placement Officer; Cy Brassard, representing the Township of Terrace Bay; John Henderson, Ontario Region S.S.E.A.P. Co-ordinator and Dick Buckley, representing the Terrace Bay Chamber of Commerce.

A challenge was sent out last Thursday, to all citizens of Terrace Bay and Schreiber. The situation: the official opening of the first Canada Manpower Centre for Students. The challenge: to preserve and perpetuate one of the most valuable of natural resources; students.

This summer promises to be a tough one. With large cutbacks in student summer programs, especially Opportunities for Youth, at a saving of over thirty million dollars, the government, in essence, is putting the onus back to where it belongs; on the communities.

Are you, the citizens of Terrace Bay and Schreiber prepared to meet this challenge? In the past, we have all been proud of our youth in the hockey arena, on the baseball field, at the golf course and curling rink and even in the churches and schools. These young people have shown a dedication and willingness to succeed and these are indeed rare qualities. However, these qualities are not just evident at play but at work as well. You would be surprised and even impressed by the number of students who are willing to put in an honest days work for an honest days pay.

Don't sell yourselves short either. An employer is not just a person or persons who manage or own a business. An Employer can be anyone, young or old.

A job is not necessarily defined as eight hours a day, five days a week. Cont'd pg. 9..
