

THE JOB SCENE: A PEP TALK: Cont'd from pg. 8
 The CPR hires students fairly regularly throughout the summer. The work is hard, the hours long and the money is good. If you have thick skin you'll see it through. Steady employment at gas stations, restaurants and motels are again based on supply and demand. But, don't despair. Odd jobs will see you through the summer just as well as a permanent job. If regular businesses do not seem interested in your services, hit the streets. Visit your neighbours. Tell them you'll do anything. People take vacations. Somebody has to cut and water the lawn, weed the garden, look after the cat and dog. People may want their car washed, windows washed, the dog washed. A fence may need painting, a yard may need cleaning. These are all jobs. Jobs that can keep you occupied throughout the summer.

Homeowners can be employers! There is always something that can be done around the home. Most Canada Manpower Centres for Students have held their annual "Hire a Student Week" and statistically their job numbers grew. This office, serving this community will be officially kicking off its version of "Hire a Student Week" called "Hire a Student Summer". If businesses and homeowners provided only five odd jobs a day for the rest of the summer, that would potentially provide over 170 jobs for students in the community. A modest total.

The next time you think of that odd job you've been putting off, Hire a Student. Phone Larry Fraser at 825-9296 or drop in and see me at the Municipal Office in Terrace Bay.

Hitting the silk isn't exactly a soft touch.

As a member of Canada's Airborne Regiment, you're no soft touch either.

You'll think nothing of jumping fully equipped from an aircraft at 1200 feet. Landing and moving right into action anywhere, anytime of the year. In the desert or the arctic.

It's a tough, challenging, satisfying life for the right man. A life that can bring out the best in you as a leader, physically and mentally trained to perfection.

Think you can handle this job? The rewards are many and it's something you can really be proud of. Ask how you can join the Airborne.
