NIGHT COURSES

In the past two weeks, numerous people have shown an interest in the Adult Education Program (Evening Courses), and as a result a very wide range of courses have been requested. However, we must meet three basic requirements in offering courses. They are: A) The necessary facilities B) The necessary enrollment C) Suitable instructors.

To best facilitate this program we encourage you, the public, to continue to indicate your needs or interests, whether you are interested in enrolling or instructing. To date we have instructors for the following: Typing, Sewing, Crafts, Art, Judo, Badminton, Power Ball and Physical Fitness, Credit Courses, Computer Science and Mathematics.

Interest has also been shown in many others such as: Shorthand, Bookkeeping, Speedwriting, Welding, Small Motors, Motor Mechanics, Woodworking, Conservational French, Interior Decorating, Photography, Blue Print Reading and English.

One Driver Ed course will be offered as soon as all necessary arrangements can be made.

Wherever possible classes will meet on evenings convenient to the majority.

We would like to encourage all of the areas' citizens to take advantage of their educational facilities by participating in this program. Please indicate what courses you are interested in taking or teaching, by contacting in writing:
