

Ontario wants to help you make the most of your Community Arena.

Community centres are the heart of the social, cultural and recreational life of many places in Ontario.

Many have been built by people in the community who have contributed their money and their time. They are one place that everyone can be proud of.

Unfortunately, not all these centres were built to modern construction standards. Modern engineering studies have shown that some of them have dangerous flaws which must be corrected immediately.

Ontario is able to help municipalities to raise an extra money from both the Community Centres Act and Wintario. In most cases, the people in the community need to raise the rest themselves.

Because we know some arenas are too old or too costly to fix up, we are also ready to work out a plan to help municipalities to build new ones.

If you would like to know how Ontario can help to fix up your community centre or build a new one, write to:
