

NUMBER OF TRAILERS HAS INCREASED TO
EIGHTY-FIVE IN TERRACE HEIGHTS

Present at the November 24th meeting of the Terrace Bay Town Council were Councillors Peggy Helmink, Cy Brassard and Joe Kennedy, Town Clerk Bill Hanley and Secretary Marg Simmer. Marjorie Hamilton attended the meeting as a prospective Town Councillor for the New Year.

Cy Brassard, Acting Reeve for the meeting presented a problem to the Council regarding the salary of the Town Meter Reader for Ontario Hydro. When the Meter Reader was hired there were only 24 trailers in Terrace Heights. Now the trailers have increased to 85. However, due to AIB rules the salary cannot be increased. The Councillors discussed the problem with the result that a request will be made to the Anti-Inflation Board to consider the particular details of this case.

Correspondence brought forward at the meeting included a letter from McCausland Hospital Board regarding the New Hospital, a letter to Hon. Darcy McKeough concerning the DREE/Ontario agreement, from Mr. John Gross on future curbing on Princess Avenue, a request from the Minor Hockey to hold a Peanut Blitz, a draft application for a Community School Development Grant for the Library and from G.J. Dupas regarding vandalism at the Recreation Centre.

Future curbing of the lots once occupied by garage complexes was discussed as per John Gross' letter and it was decided that such a plan should be seriously considered in the 1977 budget.

Permission was granted to the Minor Hockey to hold their Peanut Blitz to raise money for their program.

As had been requested by the Council at their previous meeting Ken MacLeod had provided a draft of the application to the Community School Development Grant for monies to improve the Library program. Since the application in no way implied that the Town Council might be obligated to finance the program in future years, the Councillors had no objection.

G.J. Dupas was concerned at the amount of vandalism occurring at the Recreation Centre and was interested in seeing sterner measures taken with those involved. While the Council was also concerned with the damage to the Recreation Centre, it was not certain how the problem could be handled any differently. However, it was decided to refer the problem to the Police Department.

New Business included a Resolution to hire David Helmink as Maintenance-Caretaker for the

Recreation Centre effective November 15th.

A grant to pay the taxes for the Boy Scout Building in the amount of \$414.75 was passed.

By-law 289 restricting parking on the North intersection of Selkirk and Pine by 150 feet was also passed.

It was brought to the attention of Council that residents of the apartment building were still parking illegally on Kenogami at lunch hour instead of using their own parking lot.

Peggy Helmink asked that it be clarified in the press that the Town Council were having a Christmas Party not solely for their own benefit but to honour residents of the Town who have served on Committees throughout the year without receiving any honorarium. It is the Council's token of gratitude for their service to the town.

Councillor Helmink also reported that she has been attending meetings of the Hospital Board on behalf of the Council. Mrs. Helmink has taken over Roy Bray's term on the Hospital Board.

Cy Brassard adjourned the meeting until the second Wednesday in December.

FOR SALE -

CAKES FOR ALL OCCASIONS

A variety of cakes for Christmas entertaining, small parties, or give them as personalized gifts. Made to your own specifications. Santa Claus, Holly Hobby, Christmas Tree, Open Book and more. Also cupcakes and sugar decorations.
