

IDEAL TREE FOR SMALL APARTMENTS

Apartment dwellers with limited space will welcome the Norfolk Island pine, a natural mini-Christmas tree, that is a charming houseplant all year as well. It requires a little water

about twice a week and flourishes in full sun through the winter. Trimmed with tiny ornaments it is lovely, indeed. To keep the branches from sagging, hang the trimmings in a bit from the branch ends.

NORTHERN AFFAIRS

by BEV YOUNG

The Provincial Government has set up a fund in the amount of \$250,000 to assist unorganized communities to establish such services as fire protection, garbage removal and water systems. These services are available in organized municipalities under the direction of their town councils. The lack of municipal councils in the unorganized areas previously did not allow for these services.

Local road boards, recreation groups, or other associations can now apply through the Ministry of Natural Resources for funding of a worthwhile project.
