

CHESS CHALLENGE:

The Simultaneous chess challenge that was held on November 30th at the Royal Canadian Legion Branch #223, Terrace Bay was a success for all those participating.

Mr. Darko Dimitrijevic challenged ten opponents at one time, and many well thought out and excellent moves were witnessed by the players and interested audience.

Following the games a discussion was held resulting in a chess club tentatively being formed for all ages in the area.

Some of the schools have formed a chess club and so in the near future the Sports Committees of the Legion will hold another evening for everyone, during the month of January.

Coffee was served throughout the evening courtesy of the Ladies Auxiliary.

A footnote worth mentioning is that Darko has recently received word that he has been chosen as one of the Canadian team members to represent Canada in a correspondence Chess match against Australia.

Christmas Wishes
for everlasting peace and joy. Thanks all.
