**Why does she bring  
her savings to us?**

Every payday, I make it a habit to save a little. Just a little. But regularly. It's a nice habit and it's easier to get into when the teller gives me a nice big smile. It's the same kind of smile I'd get if I'd gone out and bought something. Except I feel even better because I haven't spent my money at all. In fact, I've put it in a place where it will earn interest too.

**Deposit something - or open  
a savings account this week -  
and prove to yourself  
how good it feels to do  
something really sensible  
with your money.**
