## HOLY ANGELS OPEN HOUSE

Mr. P.M. Gillen, Director of Education, North of Superior R.C. Separate School Board, signing the guest book at Holy Angels School Open House.

Mrs. Betty Hanley, Music Supervisor, listening for those pure notes. From her expression, she is not disappointed.

Some of the guests attending Holy Angels School Open House were: Reeve Harold McParland, Schreiber; Director of Education, P.M. Gillen and Rev. Robert Moore, who was filling in for vacationing pastor, Rev. F.J. Meyer. Over one hundred and twenty-five visitors came from Schreiber, Terrace Bay, Rossport and Pays Plat.

Visiting music specialist, Betty Hanley was popular with the visitors, many of whom could be seen toe-tapping and singing along with the children. Besides the kindergarten and primary grades, always favourites with school visitors, the physical education program was well observed throughout the day.

Grade eight pupils provided coffee and guided tours for the parents and visitors, and in spite of the unusual activity in the classrooms, pupils carried on their regular activities as they would on a normal school day.

Open House was one of the events of Education Week, April 17 - 23. It has become so popular over the last few years that it has been held that it would appear to becoming a permanent part of Education Week's activities.
