TODAY'S CHILD

BY HELEN ALLEN

THE TORONTO SUN SYNDICATE

Carl is a charming six-year-old, healthy and good-looking with brown hair and dark eyes. He is French Canadian in descent and English speaking. He needs glasses to correct a turned-in eye, but wears them only in school.

Because of neglect in his early life Carl has developed slowly and is behind his age level. But he has made great strides during the past year. He is now in a special class but it is felt he will catch up and will gradually be integrated into the regular classes. He likes school.

Carl loves attention from adults and is gentle with small children. Since he is immature for his age he tends to play with children younger than himself.

Carl likes the outdoors - swimming and bike riding especially. He is good with his hands, able to make complicated structures with construction sets.

Carl will be a lovable son for a family where there are few other children so the mother and father will have much time to devote to him.

To inquire about adopting Carl, please write to Today's Child, Ministry of Community and Social Services, Box 888, Station K, Toronto M4P 2H2. In your letter tell something of your present family and your way of life.

For general adoption, contact your local Children's Aid Society.
