FOREST FIRE #3

How much do you really know about forest fires?

Statistics show that we don't know as much as we think we do, because every year people continue to be a major cause of forest fires throughout Ontario. Test your knowledge of the causes, cures and costs of forest fires. Read the questions below and tick the answer you think is correct. When you're finished, check your answers against the right ones and see how much you really know.

1. What percentage of forest fires in Ontario every year, on the average, are man-caused, and therefore preventable?
(a) 70-80 per cent (b) 50-60 per cent (c) Less than 50 per cent

Which of the following groups usually causes more fires than the other
