## Plan on Building This Year? CHOOSE A PRECISION BUILT HOME ....SAVE TIME AND MONEY

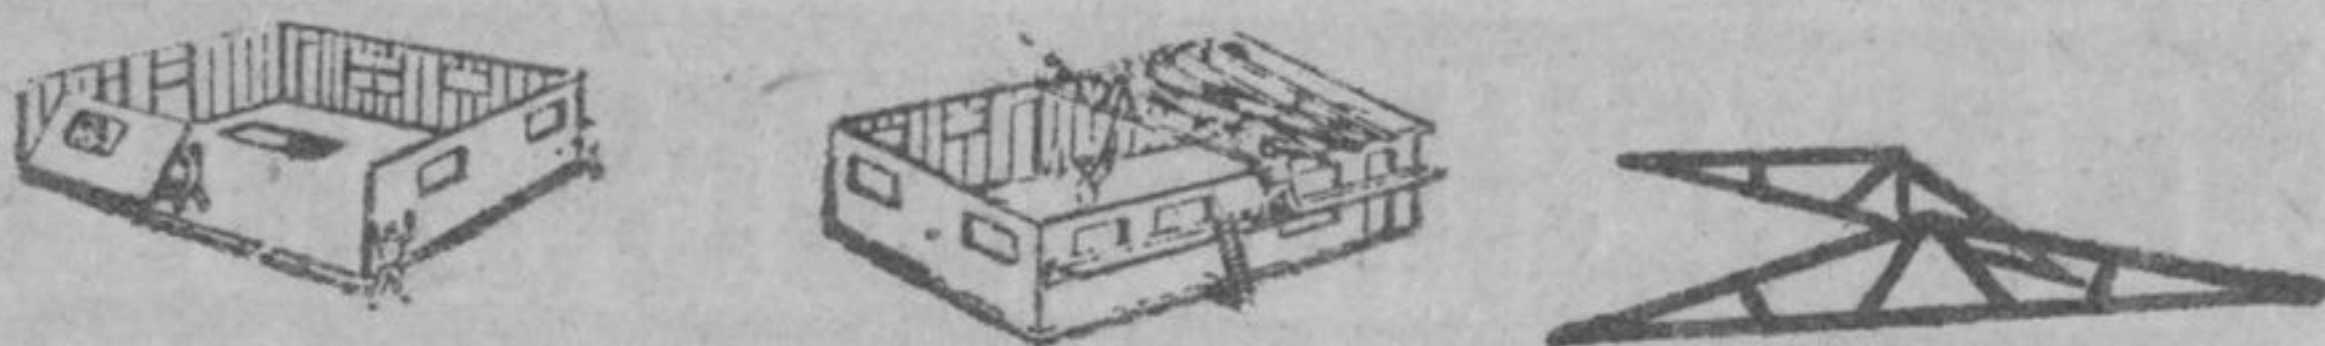

Don't let high interest rates and soaring building costs prevent you from owning your own home. Precision-Built Homes provide the answer to ever-increasing building costs by effecting substantial savings on factory-produced sections that are designed for

quick, easy assembly by you, your contractor or Hagglund's Home Building Specialists. This method eliminates costly errors and time-consuming cutting and fitting on the job. Precision-built kits reduce labor costs by permitting you to complete as much or as little of your home, as you please. Compare the rest and you'll agree Imperial Precision-Built Homes offer much more for much less.

### BUILD THIS EASIER WAY:

Precision - Built wall panels are preconstructed for you in our plant, saving you time, money and waste.

You simply assemble the wall panels over your sub - floorings, guided by our supervisor.

Roof trusses, gable ends and cornices are pre built too, for quick, accurate assembly.

#### 4 WAYS TO BUILD YOUR IMPERIAL SELF HELP HOME

- Build it yourself
- Have the walls (shell) erected for you
- Or Hagglunds can provide a professional carpenter to assist you during any stage of construction
- Complete the outside and (or) the inside finishing
