

SCHREIBER NEW ARENA MEETING

Monday, December 12th, a meeting to inform the public on the new arena took place at the Schreiber High School.

The one hundred people attending viewed the drawings, saw the costs (original estimate and revised), heard where grants were coming from; what was required from the public sector.

Recreation Committee Chairman, Bill Collinson, called the meeting to order and then turned it over to Councillor, Norm Boon.

Councillor Boon up-dated those attending from when the existing arena closed for repairs under the Ministry of Labour guidelines through to endless meetings, planning the arena, securing the necessary lands, rerouting ditches for drainage, to finances which included how much the Town had in reserve, to the required funds from the public/private sector.

This brought us up to the meeting at the High School.

A panel of Aurel Gauthier, Township Clerk-Treasurer, Councillors Boon and O'Brien, Recreation Committee Chairman, Bill Collinson, M.M. Dillion Consultant, Don McKinnon, Recreation Co-ordinator, Norm Norris, fielded questions and made further explanations of a variety of items.

variety of items.

The indication from those in attendance was to go ahead with the project. However, the final decision rests with the Township Council.

Now, it's down to work to raise the necessary funds, those people interested in assisting please contact the recreation office.

Starting date is scheduled for the Spring of 1978; however, this will rely a lot on the amount of private sector funds raised.

So Schreiber residents it's up to you; do we open in the fall of 1978 or 1979?

HOLIDAY VISITORS:

Brenda Cebrario - 3rd year B.Sc. (Nursing) and sister Tina - Combined Education, first year Lakehead University will be visiting their parents Mr. and Mrs. Giovanni Cebrario.
