## NORTHERN AFFAIRS

BY JIM TRISTRAM

This being one of the first columns for the New Year, I would like to bring to your attention a few points of interest for early 1978.

The deadline for converting driver's licences for classes higher than Class G is January 31, 1978. After this date anyone wishing to obtain a higher class licence will be required to go through the complete test conducted by the driver examiner.

Those who hold the former operators or chauffeurs licence and do not plan on driving vehicles over 18,000 pounds do not have to take any action. A Class G licence will be issued by NTC Toronto on the persons next licence renewal.

1978-79 Guaranteed Income Supplement (GIS) will be coming out early in the new year for those who are already in receipt of this supplement. The GIS fiscal year is from April 1 of one year to March 31 of the following year. When you receive your 78-79 GIS form, make every effort to complete it as soon as possible and mail to Old Age Security. If OAS does not receive these forms in time prior to issuing of April cheques, then you will not be paid your GIS for that month or until the form has reached the computer.
