

DEAR CONCERNED CITIZEN: Cont'd from pg. 3...

Sadly, what I have not seen, is any adults in the games room, not even you, most concerned citizen. The games room is not a zoo and it is not an iniquitous den of pot smoking hoodlums.

If you want to find out what your children are doing and talking about, take the time to come in, sit, listen and talk. You'll meet your match in Chess, crib or pool. You'll find the conversation interesting and intelligent and the music not that bad or that loud.

Show them that you do care.

To you, concerned citizen, one question, if you felt strong enough to write your article why didn't you have the courage of your convictions to sign your name?

thank you,

Games Room Supervisor

DECEMBER MEETING OF BIRCHWOOD-PINEWOOD AUXILIARY:

Christmas arrangements were finalized at the December meeting of Pinewood-Birchwood Auxiliary when Donna Josus presided on Wednesday evening the 14th.

Minutes and the financial statement were read and accounts approved. Members agreed a flowering plant should be sent to the extended care lounge of Pinewood Court with Mrs. Josus attending to it. May Dorland offered to purchase plants for any residents hospitalized over Christmas. Mrs. Josus informed the members she would deliver the potted plants to residents whose names were remaining on the list from the Tea Draw.

Peggy Thompson reported on the Christmas gifts she and Beth Macadam had purchased for the residents Christmas Party. May Dorland and Peggy Thompson attended the party on behalf of the Auxiliary.

Hilda Hiebert described the successful Group Story Hour held each morning in Birchwood Terrace, using the talking book tapes on loan from the C.N.I.B. and with the Terrace Bay Library's tape recorder. Ken MacLeod answered questions on this project and advocated the building of their own library of tapes. In so doing anyone convalescing could also enjoy the tapes, or for individual repeats. A motion was passed to purchase one tape recorder.

Estelle Wallwin itemized cards sent out. The resignation of Erlise Stephen as Vice-President was accepted with regret.

The president and Mrs. Hiebert reported on assistance by Elsie Cook and Alma Hart on residents shopping trips. This is of great help

to residents and most popular.

The January meeting, was set for Sunday, January 15th at 2:00 p.m., in the Recreation Room of Birchwood Terrace with the election of officers for the coming year. A nominating committee of Estelle Wallwin and Gertrude Cotton together with Lillian Christie and one other from Schreiber was appointed.

LETTER SUBMITTED TO THE TERRACE BAY NEWS:

In last week's paper from a letter of a "concerned citizen" there was a clear inference that "smoking pot" is freely allowed in the theatre.

We would like to inform this person that, smoking of any kind is not permitted in the auditorium of the theatre, and as the lobby is always under supervision, pot smoking is not done there.

And if this "concerned citizen" observed something in the theatre that bothered him or her, he or she was obviously not concerned enough, as he or she did not report it to the management; so as action could be taken.

Maybe this "concerned citizen" should check on his or her facts before criticizing a business establishment publicly. (The office in the theatre is always open for discussions). We go to great lengths to provide top pictures, a quiet atmosphere and in keeping one of the few evening places in this town.

We also have the backbone to sign any state-ments made by ourselves.
