### STRATEGIC LAND USE PLAN FOR NORTHWESTERN ONTARIO

The Ministry of Natural Resources' SLUP Phase II report for Northwestern Ontario is still available for public discussion. The Phase II report "Proposed Policy" was released in September of 1977 in an effort to stimulate discussion of the policy objectives to be utilized by the Ministry in the preparation of the Strategic Land Use Plan. The report is the culmination of an extensive policy review within the Northwestern Region by both the Ministry of Natural Resources and the general public, and presents the candidate policies as revised from the original document "Background Information and Approach to Policy" which was widely circulated in 1974 and 1975.

In an effort to obtain additional public input, the deadline for responding to the policy objectives has been extended to January 31, 1978. Continued page 3 ....
