 To pg. 10

NOTICE TO TERRACE BAY HYDRO CUSTOMERS

Due to the higher cost of providing service, Terrace Bay Hydro finds it necessary to increase retail rates an average of 3% effective March 1, 1978.

As a result of the better than expected operations of Ontario Hydro in 1977, this utility will be receiving an anti-inflation discount on bulk power purchased from Ontario Hydro during 1978. The exact amount of this discount will not be known until early 1978, but it is currently estimated that it will reduce our total revenue requirement by approximately 4.7%.

Therefore your bills during 1978 based on metered consumption will reflect this special anti-inflation discount. The net effect will be an overall average decrease in your bill of approximately 1.7%.

This increase in rates has been applied for and is subject to the approval of Ontario Hydro.

W. Hanley
