Socks Only

A sign on a restaurant window read, "Shoes are required to eat inside." Naturally, somebody took the time to scribble a reply: "Socks may eat outside."

FIRST BABY

**TERRACE BAY
POLICE
DEPARTMENT**

16 JANUARY 1978:

During the past week, members of the Terrace Bay Police Force were called upon to investigate fifteen occurrences.

One motor vehicle collision was investigated on January 9th with only minor damage reported to both vehicles.

Two motorists were charged with speeding in the Township, one motorist was charged without having a valid plate on his vehicle.

One out of town driver was found passed out in his vehicle and charged with impaired driving as well as failing to provide a sample of breath. This person has been remanded in custody to the District Jail in Thunder Bay as two warrants for impaired driving have been issued by other police forces.

Three persons have been charged with consuming liquor while under the age of 18 years, one person charged with supplying liquor to minors and one person charged with having the care and control of a vehicle with liquor readily available.

It is now an offence to possess a radar warning device in a vehicle. Any person having such a device must remove it immediately or they will be liable to a fine and confiscation of the device.

Members of the Terrace Bay Police will be conducting periodic spot checks in an effort to enforce the seat belt legislation. Wear your seat belt. Facts show that they save lives and help eliminate injuries. To pg. 12
