Now, they will have a home of their own a little sooner

"We'd been counting the months until we could put a down payment on our own home and stop paying rent forever. Then one day our Bank of Montreal manager showed us how to make it all happen faster with a "First Canadian Home Ownership Savings Plan". We were pleasantly surprised to find out we qualified for a special tax deduction on the money we were saving for a home and furnishings. Now, our plans are getting a nice boost - thanks to a special income tax provision and to our Bank of Montreal manager who took an interest in helping us get the most from our savings."

First Canadian Home Ownership Savings Plan tax deductions on 1977 income are available to qualified applicants up to March 1. See your Bank of Montreal manager soon.
