**MVA CLAIMS FUND NOT INSURANCE:**

Uninsured owners and drivers should think twice about the risk they take by paying that \$60 to the Motor Vehicle Accident Claims Fund in lieu of purchasing insurance. Why?

Because the fund, established by the Ontario government to compensate innocent victims of uninsured owners and drivers, does not protect the uninsured owner or driver.

And when an innocent victim collects from the fund, the uninsured owner or driver on whose behalf the money is paid must pay back every cent. If necessary, his or her licence is suspended until arrangements are made to pay back all judgments and costs.

A serious accident can result in judgments of \$50,000 or more. This means that uninsured owner/drivers are risking all their savings, property and often a substantial portion of future earnings.

Only by buying adequate insurance can you protect yourself against the possibility of major claims resulting from accidents in which you were at fault.

For further information on this subject or any other government information contact the Northern Affairs office located Lower Floor, Peninsula Building, Gilbert Street, Marathon Phone 229-1153.
