TAX CREDITS:

The New Year again brings new hopes, new joys and income tax. If you are a pensioner with very little or no taxable income, it is to your advantage to file a return. In this way you become eligible for Ontario Tax Credits.

These credits may either off-set taxes paid or be received in the form of a rebate.

The Ontario Property Tax Credit may be claimed by all individuals resident in Ontario on December 31, 1977. Exceptions: Persons under 16 and persons under 21 who live at home and are claimed as dependents. The credit must be claimed by the spouse having the higher taxable income. Only the tax or rent paid in respect of your principal residence may be included.

The sales tax credit may be claimed by all individuals resident in Ontario on December 31, 1977. Exceptions: Persons under 16, persons claimed as dependents for income tax purposes by any other person resident in Ontario.

The Pensioner Tax Credit may be claimed by all individuals resident in Ontario on December 31, 1977, who are age 65 or over, except for a married couple where both are 65, only the spouse with the higher taxable income is entitled to claim. Where no taxable income exists, the spouse claiming the Ontario Property Tax Credit is required to claim the Pensioner Tax Credit.

The Northern Affairs offices will be happy to assist persons with no taxable income in completing a return. We are primarily interested in aiding pensioners and persons receiving financial assistance. If you so wish, you may attend at any Northern Affairs office for assistance at the address that appears below. Please telephone for an appointment. . . to pg. 10 ...
