Overture Concert Series BOUCHARD et MORISSET, pianistes

GRAND MUSIC BY GRAND PIANO:

Mr. and Mrs. M. Bouchard, widely known on the concert scene as MORISSET & BOUCHARD, will grace our stage on Wednesday, March 8th at 8 p.m., for our third of four concerts this season.

They have become almost a household word in Europe having performed more than 200 concerts there.

All these engagements were supplemented by numerous radio and television performances as well. In Canada alone they have appeared in more than 200 recital engagements as recitalists and as orchestra soloists on radio and television for the C.B.C.

Artists of such favour are welcome on our musical scene. A delightful pair who make delightful music.

ENTRE SIX - VERY MUCH ALIVE:

Thursday of last week, Terrace Bay/Schreiber residents viewed a spirited and engaging young dance company from Montreal in an evening of comedy, satire and abstract dancing.

The program included a few works which have been in the company's repertoire almost from the start including a trio of selected excerpts from their children's show ... the Russian Scherzo and Fireworks both to the music of Stravinsky and the Blue Danube, the hilarious acrobatic monkey dance, with which Jacques Drapeau and Francois Beaulieu effortlessly bring the most audience appeal.

All of the choreography is by the company's owner, Mr. Lawrence Gradus. He is clearly a choreographer of originality asking his troupe to perform very difficult physical feats, with soaring leaps and dangerous lifts. At times with men partnering men. At times his movements are not far removed from circus acrobatics but they are done for their charm and originality rather than merely their cleverness. To pg. 3 ..
