GAMES DAY

SATURDAY, MARCH 18TH 1:00 P.M.

DARTS - CRIBBAGE - CARDS \$1.00 PER ENTRY-MEMBERS ONLY- IRISH STEW

'DONUT HOLE'

On Friday, March 10th, the Ladies Auxiliary of the Community Church held a very successful Coffee morning - called the Donut Hole. There were donuts to eat and also take out orders.

A large crowd attended with the Ladies in the kitchen working all day to fill the orders. A friendly atmosphere prevailed throughout the day. The project was convened by Linda Hutchinson. During the coffee hour items of crafts were on sale, capably handled by Willie Fortier. Many beautiful hand made crotcheted items, knitting and felt toys decorated the table. The highlight of this pre-Easter sale was the beautiful stuffed toys, large pink rabbits, chicks and ducks with a 'Tamar' original being a large green turtle called Myrtle that delighted all the children present.

FORTIN WINS NOMINATION FOR COCHRANE

Bob Fortin of Cochrane won the Nomination as the federal NDP candidate in the federal election expected sometime this spring. The announcement that Mr. Fortin would seek the federal nomination was made at a press conference in Kapuskasing last week. He said that his decision to seek the nomination was prompted by the support which he received from his provincial executive.

The 500 member Association held its Nomination Meeting in Schreiber on Saturday and Mr. Fortin was unopposed. Jack Stokes, the Provincial Member for Lake Nipigon, and guest speaker, noted the immense size of the new federal riding which at 165,000 square miles is half as large again as his own Lake Nipigon Riding.

The Candidate said that he feels he has an excellent chance of winning the riding and is counting on the widespread disenchantment with the present member for the former riding of Cochrane, Ralph Stewart. Mr. Stewart has indicated that he intends to run on the Liberal ticket in the new riding. The new Cochrane riding includes large portions of the Algoma and Lake Nipigon Ridings presently held by provincial NDP members Jack Stokes and Bud Wildman. Mr. Fortin says that he intends to bring the kind of hard work and close attention to his constituents problems that has become the trademark of northern New Democrat members to the new Riding, the king of

SCHREIBER

824-2533

OIL CHANGE & LUBE - \$8.88

CARS AND LIGHT TRUCKS

Includes lube, oil (4 quarts) and labour. Offer lasts from March 16th to March 31st

work which has been so noticeably lacking under the present liberal members.

Mr. Fortin is basing his campaign on a number of issues including the lack of an industrial strategy for the North, the length of time which the liberals have held the Thunder Bay and Cochrane federal seats with nothing to show for it, and the lack of secondary industry which has tied the northern economy to the boom and bust cycle. A cycle which has discrimatory transportation rates, a high cost for energy and an even higher cost of living, leaving many people unemployed on a seasonal basis.

Mr. Fortin is a school teacher at St. Joseph's Pavilion in Cochrane. He was a candidate in the last provincial election in the riding of Cochrane North and placed a strong second against Rene Brunelle one of the strongest Conservative members in the Province. Mr. Fortin is President of the Federal Riding Association and of the Cochrane North Provincial Association. Familiar with Parliament Hill, Mr. Fortin served as Executive Assistant to Tommy Douglas, former leader of the NDP, and to John Rodriquez, the M.P. for Nickelbelt, and one of the North's outstanding members.

NORA MCGUIRE: EQUINE MANAGEMENT

Nora McGuire of Schreiber is enrolled in the Equine Manage -ment program at Algonquin College. Nora is the daughter of Mr. and Mrs. Darcy McGuire of Schreiber.

The Highway 31 campus in Greely, Ontario, prepares people for a future as grooms, assistant veterinarians, managerial position or related fields.

Females outnumber males in the program by twenty to one - literally. Girls are more interested in horse care, whereas men like riding more, according to teacher Georgia Gale Kidd.

The course is both practical and theoretical. Students, in four hours of lectures daily, are taught nutrition, breeding, stable manners and equine husbandry. English, business and the environments courses are also given by commuting teachers. The twenty students are divided into three groups to share the chores around the stables for the twenty-three horses. Kidd recommends that students be "physically fit and healthy" to do the manual work of "mucking" (cleaning out) and feeding the horses.
