CARD OF THANKS - A very special thank you for the delightful and informative afternoon we spent at the Science Fair. We are sure it involved many weeks of planning and hard work to have it go so smoothly, as so many different projects were demonstrated and so many students took part. So, to Ed Taylor and each one who helped in any way to make it such a success, thank you. It was great! To the students who took part, keep up the good work! So often we forget to say how much we appreciate all that you have done. We are proud of you.

Parents, friends and all who enjoyed it so much.

Language Barrier?

More than 80 languages and dialects are spoken in the Philippines. Half of the islands' 44 million inhabitants speak English. But the nation's official language remains Pilipino (cq) —which is based on Tagalog.
