

**KINETTES PURCHASE BABY SCALE**

The Kinette Club of Terrace Bay has purchased for the hospital, a new metric baby scale costing \$140.00.

Funds were the result of a shopping spree the Kinettes sponsored and the lucky winner was Mrs. C. Gorman.

Pictured above are: Anne Tack, chairman of the shopping spree project; Susan Mason, President of the club and Barb Hopper who arranged for the purchase of the scale.

CANADA HOSPITAL MONTH - MAY, 1978 (Cont'd - page 1)

investment represented by our hospitals.

Canadians invest in their community hospitals through health insurance premiums, taxes and private donations, and hospitals provide good returns on this investment.

Canadian hospitals are well managed by professional administrators-working with highly skilled, highly motivated employees using the finest equipment and techniques. Health care facilities are operated to give the patient the best possible care within the limit of available resources, and government and community support have ensured that no one is out of reach of good hospital services.

This Canada Hospital Month, let us congratulate our hospitals for managing our communities' health, and health care investments, wisely.

The following is a Ministry of Health News Release:

McCausland Hospital, Terrace Bay, has awarded a contract for a 23-bed replacement hospital, Health Minister Dennis Timbrell announced today. Gateway Building and Supply Ltd., Thunder Bay, is the successful Bidder.

The new hospital will include 17 acute care beds. In addition, it will house a community clinic.

The total estimated cost for the replacement hospital including equipment, is 3,200,000 dollars. The Ontario Government is providing 2,685,000 dollars and the remainder is the responsibility of McCausland Hospital Board and the community.

Construction will start immediately, with completion expected by the fall of 1979.
