

SCHREIBER PARKS AND RECREATION: Continued...

ARENA UPDATE: We have received word back from Wintario that the percentage under the enriched portion of Wintario will be 66 2/3% on \$120,000.00 not on the full replacement value, as had been anticipated. Steps to obtain this are, presently, being followed. This means, however, that the strategy on financing will need to be changed, and the necessary steps have been started towards this; Council and the Recreation Committee have met with Gateway Builders & Supply Ltd. to drop the price dramatically, if at all possible, we will know with-in approximately one week. We will keep the public as up-to-date on this new development as we receive the data. Contributions from Palm Dairies of \$50.00 and Schreiber Ringette League of \$2,000.00 have kept our thermometer moving upward. Just a reminder to the public, that if you have a fund raising event please start it, all we ask is that you let us know so that duplication can be avoided.

### CONFEDERATION COLLEGE GRADUATES

On Saturday, May 27th, 1978, The Confederation College of Applied Arts and Technology held its Eleventh Graduation Ceremony. The following students from this area graduated: Daniel Legault - Survey Technician (Terrace Bay); Judith Davis - Recreational Leadership (Schreiber); Myrna Gauthier - Law & Security Administration (Schreiber); Patrick O'Connor - Law & Security Administration (Schreiber); and Paulette Perras - Recreational Leadership (Schreiber).

Patrick O'Connor also received a President's Medal and the Judge Cunningham Memorial Award.

Daniel Legault also received the Survey Technician Faculty Award.

### ROSSPORT FIRE FIGHTERS MEETING

Mr. Jim Tristram, Dept. of Northern Affairs, of Marathon was in Rosspport Tuesday evening, accompanied by Paul Werk of the Ministry Solicitor-General, fire service office of Thunder Bay. They met with the local people to present them with a pump, hose, gloves, boots, coats, flares, extinguishers, ice auger, axe, etc. all in a basic kit including a first aid kit, for the use in the Fire Fighters organization. The local fire chief Dave Iddison opened the meeting in the hall, welcoming the good turn out and introduced Mr. Tristram and Mr. Werk.

Mr. Werk gave a description of the fire equipment to be presented and advised some of the women to take training on the operation of the equipment as most of the firemen would be absent most days at their employment.

Mr. Iddison thanked the guest gentlemen for their help and for being present. A demonstration of the starting and operation of the water pump and hose at the government dock then took place, with both male and female fire fighters taking part in the operation.
