MARTIN AND DOWNS CIRCUS

From the pre-dawn mist will roll truckload after truckload of tents, animals, personnel and equipment. All to be combined to form an incredibly large but gracefull big top for the one day visit of the Martin and Downs Circus, Canada's touring tent circus.

The local Kinsmen in Schreiber are presenting the circus on Thursday, June 22nd with two performances at 6 and 8 p.m. at the ball park.

The best part about MARTIN AND DOWNS CIRCUS is that they care about families. That is why there are no reserve seats and one low admission price admits you to the main circus performance. Also on the circus grounds and open before and after each main show performance are the circus animal and petting zoo, giant killer Python snake exhibit, and children's pony ride. All these attractions will be available at a separate nominal cost.

When you buy advance circus tickets you will not only be supporting Canadian entertainment but the projects of your local Kinsmen. Save money by buying advance tickets from your local sponsors and at various local stores. No advance tickets will be sold on circus day.

For a special circus day treat bring the family to the show grounds on circus morning to see the big top going up and the feeding of the circus animals. Remember ... circus day is family day.
